

Exelixis to Co-Host Financial Community Briefing to Discuss Data Presented at the 2018 American Society of Clinical Oncology Gastrointestinal Cancers Symposium

January 9, 2018

-- Event to be webcast on www.exelixis.com --

SOUTH SAN FRANCISCO, Calif.--(BUSINESS WIRE)--Jan. 9, 2018-- Exelixis, Inc. (NASDAQ: EXEL) today announced that the company, along with its partner Ipsen, will host a live briefing event for the financial community to discuss data presented at the 2018 American Society of Clinical Oncology Gastrointestinal Cancers Symposium (ASCO-GI). The webcast event will be held following the closing of the ASCO-GI day's sessions on Friday, January 19, 2018, beginning at 9:30 p.m. EST / 6:30 p.m. PST (local San Francisco time).

During the briefing, Exelixis and Ipsen management, along with an invited guest, will discuss and provide context for the cabozantinib clinical data presented earlier that day at the Symposium. Exelixis previously announced that detailed results from the CELESTIAL trial will be the subject of a late-breaking oral presentation at ASCO-GI. CELESTIAL is a randomized, double-blind, placebo-controlled study of cabozantinib versus placebo in patients with advanced hepatocellular carcinoma who have received prior treatment with sorafenib.

To access the webcast link, log onto www.exelixis.com and proceed to the News & Events / Event Calendar page under the Investors & Media heading. Please connect to the company's website at least 15 minutes prior to the presentation to ensure adequate time for any software download that may be required to listen to the webcast. Alternatively, please call 855-793-2457 (domestic) or 631-485-4921 (international) and provide the conference call passcode 2478857 to join by phone.

A webcast replay will be archived on www.exelixis.com for one year. A telephone replay will also be available until 11:59 p.m. EST on January 26, 2018. Access numbers for the telephone replay are: 855-859-2056 (domestic) and 404-537-3406 (international); the passcode is 2478857.

About Exelixis

Founded in 1994, Exelixis, Inc. (NASDAQ: EXEL) is a commercially successful, oncology-focused biotechnology company that strives to accelerate the discovery, development and commercialization of new medicines for difficult-to-treat cancers. Following early work in model genetic systems, we established a broad drug discovery and development platform that has served as the foundation for our continued efforts to bring new cancer therapies to patients in need. We discovered our lead compounds, cabozantinib and cobimetinib, and advanced them into clinical development before entering into partnerships with leading biopharmaceutical companies in our efforts to bring these medicines to patients globally. We are steadfast in our commitment to prudently reinvest in our business to maximize the potential of our pipeline. We intend to supplement our existing therapeutic assets with targeted business development activities and internal drug discovery – all to deliver the next generation of Exelixis medicines and help patients recover stronger and live longer. Exelixis recently earned a spot on Deloitte's Technology Fast 500 list, a yearly award program honoring the 500 fastest-growing companies over the past four years. For more information about Exelixis, please visit www.exelixis.com or follow @ExelixisInc on Twitter.
